

Chiesi UK awarded Top Employer certification for the 8th consecutive year

The Top Employers Institute recognises the best employers globally each year. Top Employers are companies that apply the highest possible standards and provide a working environment to enable their employees to thrive and flourish.

The Top Employers Institute awards excellence in the conditions that employers create for their people. Following extensive research into the employee conditions of Chiesi UK, this year's results have just been announced and we're thrilled to announce that we have been certified a **Top Employer** for the **8th consecutive year**.

In addition to the UK, Chiesi has also been recognised across the group, including our corporate Head Office **Chiesi Italy** for the **12th consecutive year**.

The Top Employers Institute undertook a stringent research process to assess Chiesi UK's employee offering against a number of important criteria, including; Talent Strategy, Workforce Planning, Learning & Development, Performance Management, Career & Succession Management, and Culture. To ensure fair and transparent results, all answers have been independently audited.

Tom Delahoyde, Managing Director, Chiesi UK:

"I am delighted that we have been certified a Top Employer again. This award is particularly important to me as it really validates all the hard work my team put in to continuously improve the working environment for all Chiesi employees. I do not take this certification for granted and will continue to work with my team to further improve and ensure we go on to be a Top Employer for many years to come"

Heather McColl, HR Director:

"At Chiesi UK, we embrace professional development and are committed to creating the best possible working environment for our people. We truly recognise that our success is due to the hard work and commitment of our people, which is why I am so pleased that we have been recognised as a Top Employer for the 8th year in a row"

This is an important recognition that certifies Chiesi's commitment to the continuous improvement of its own corporate policies, designed to guarantee the best possible working standards and environment for our people. It also supports the goals of the B Corp certification, obtained by the Group last year.

Thank you to everyone for your continued efforts and hard work to help make this happen. It's an incredible achievement we should all be proud of.
